Profile

Motivated and detail-oriented AI/ML engineering fresher with hands-on experience in data preprocessing, model development, and neural networks. Strong foundation in machine learning concepts with a keen interest in applying AI solutions to real-world, impact-driven projects.

Technical Skills

Programming Languages: Core Java, Advanced Java, HTML, CSS, JavaScript

Soft Skills: Problem Solving, Teamwork and Collaboration, Time Management

Projects

Hospital Patient Management System

- Built a console-based patient record management system in Core Java using OOP principles, handling patient registration, appointment scheduling, and record search/update.

Library Management System

- Developed a Library Management System in Core Java applying OOP concepts to manage book inventory, member records, and borrow/return transactions.

Education

TKR College of Engineering and Technology
BTech in CSM with AI&ML

- CGPA: 8.51
- Hyderabad, India

Sri Chaitanya Junior Kalashala
Intermediate (MPC)

- Percentage: 98.6%
- Hyderabad, India

Sri Chaitanya Techno
SSC

- Percentage: 95%
- Kodad, India

Certifications

- Completed Cybersecurity Job Simulation – Deloitte
- Salesforce Certified Agent

Strengths

- Ability to quickly learn and adapt to new technologies.
- Ability to work under pressure and meet deadlines.
